TECHNOLOGY CENTER R0700

Hi George,

Could you please take a look at the enclosed documents.

CPA paid the fee for this case as a large entity back in 2003 and then we received a refund of part of the payment as the case showed small entity on your records.

The client later attempted to pay the balance owing under the 1.28© regulation but this has never been actioned at the PTO. The documents are stamped as being received by Mellon on 4 Jun 04.

The Issue Fees on this patent were paid under large status so the Maintenance Fee Branch should never have had the status recorded as small....the original payment should have been accepted as submitted.

* This patent is involved in some litigation and it is very important that this issue be resolved prior to 15 May 05.

As always, many thanks for your assistance.

Sallie
